

USGA EXEMPTION EVENTS 2025 Exemption Criteria

Summary of Exemptions

Exemptions will be determined based on the below criteria using WAGR event Power data from 2022-24. All exemptions will take effect beginning in 2025. Exemptions for subsequent years will be evaluated each fall using the previous three years of WAGR® (World Amateur Golf Ranking®) event Power data (i.e. 2026 exemptions will utilize data from 2023-2025).

	State Amateurs	AGA Amateurs	Regional Amateurs	National Amateurs
U.S. Amateur	All 50 states (must be WAGR ranked)	50+ event Power	100+ event Power	600+ event Power
U.S. Women's Amateur	40+ event Power	50+ event Power	100+ event Power	600+ event Power
U.S. Junior Amateur	20+ event Power	25+ event Power	35+ event Power	300+ event Power
U.S. Girls' Junior	25+ event Power	30+ event Power	40+ event Power	400+ event Power

Dates and Cut-Offs:

The intention of the State/AGA exemption category is to have one champion exempt in the USGA Championship field for each year of the Championship.

The exemption cutoff date for all USGA Championships will be eight (8) days prior to the first day of the Championship proper. Eight days is the Sunday before advance week for these four Championships, which all start on a Monday.

- Ex) The 2025 U.S. Amateur Championship will begin on August 11. The cutoff date for state amateur exemptions to be claimed in 2025 will be August 3. All state amateurs where the intended conclusion is on August 3rd or earlier will receive an exemption to the 2025 Championship. All state amateurs with an intended finish of August 4th or later will have their champions receive their exemption into the 2026 Championship.

If players contact the USGA with the question of whether they can claim their exemption in a different year (i.e., a player who is exempt to the following year's Championship wants to play in the present year), the player will not be allowed to change or defer the year of their exemption under any circumstances.

If a date change to the championship is necessary and unavoidable, the AGA should contact the USGA as soon as possible, so information regarding the exemption can be communicated to the competitors and those who receive the exemption in a timely manner.

- A same-year exemption is defined as a state/AGA championship where the final round is scheduled to conclude more than 8 days prior to the first stroke-play round of the respective USGA Championship.
- A following-year exemption is defined as a state/AGA championship where the final round is scheduled to conclude less than 8 days before (or following) the first stroke-play round of the respective USGA Championship.

Championship	2025 Championship Dates	Cutoff for Same-Year Exemption
U.S. Girls' Junior	July 14-19	Sunday, July 6
U.S. Junior Amateur	July 21-26	Sunday, July 13
U.S. Women's Amateur	August 4-10	Sunday, July 27
U.S. Amateur	August 11-17	Sunday, August 3

Clarifications

Clarification on Identifying the Event to Receive Exemption

In some cases, there are AGA's who conduct multiple WAGR-ranked events, or there are multiple events conducted within a state or AGA that could be eligible for the exemption. In both cases, the USGA has identified an event for initial consideration of the exemption in the below document. If the AGA does not agree with the USGA's designation and would like to identify a different event for consideration, they may do so via written submission to the USGA. The established working group, which comprises Regional Affairs Directors, Championship Directors, and Championship Administration, will evaluate the request based on the overall event Power and strength of field of both events, the history of both events, and the golf landscape within that particular region.

Clarification on Affiliated Events

In instances where an AGA does not conduct a championship in the respective demographic, a state championship may be eligible for the exemption, but it must be conducted by, jointly administered by or affiliated with an Allied Golf Association of the USGA.

One of the core principles of these exemptions is to elevate the State/AGA amateur championships. That said, there are instances where an AGA does not conduct a championship in the respective demographic. In those cases, the AGA has the opportunity to designate a partner organization or championship that would be eligible for the exemption. However, the AGA would need to have some affiliation with the event to ensure it is being conducted at a high standard. This could include providing rules officials, assisting with the preparation or conduct of the championship, assisting with the administration of the championship, or a long-standing connection between the associations.

In these cases, the USGA will evaluate the event being considered to determine if it falls within the principles and overall philosophy of these exemptions.

Clarification on Eligibility Requirement

For State Amateur Championships, the following is required for the event to qualify for an exemption:

Must have an eligibility requirement that limits participation to residents or association members of that state.

The intention of awarding an exemption to State/AGA Amateur Championships is to provide an additional opportunity for players in their area to earn a spot in the field. Given that there is no restriction on the number of State/AGA Amateurs an individual can play in, we want to avoid a situation where players are traveling the country playing in State Amateurs and subsequently representing a state or area that they have no affiliation with.

Events that do not have any limitation on participation to residents or association members may be considered a national amateur championship and be subject to the event Power threshold in order to obtain the appropriate exemption.

Clarification on Regional Amateur Championships

The regional championship category recognizes regional amateur championships conducted by or affiliated with an AGA. The scope of these events is intentionally narrow, with the New England Golf Association and the Pacific Northwest Golf Association being the only two currently in this category. These events are conducted by a collection of AGA's and have a long-standing history. Additionally, these events take place in areas where it is likely that some or all AGA's may not qualify for an exemption under the respective category due to their overall size.

Clarification on how WAGR ranking thresholds were determined

In order to determine the WAGR event Power thresholds for each championship, a considerable amount of research was conducted to assess the correlation between State/AGA amateur championships and qualifying. Ultimately, the quality and strength of players receiving an exemption through the new qualifying model needed to reflect the quality and strength of players that presently earned a spot through qualifying. In looking at the historical event Powers across all events and the quality of champions produced at these events, we were able to determine an event Power threshold that will provide a large number of State/AGA championships with an exemption while also ensuring that each respective championship has the strongest field possible within their respective demographic.

U.S. Amateur Championship

Full Exemption Criteria

1) State Amateur Championships

- a. Defined by the geographic boundaries of the United States (50 states)
- b. Must be a WAGR-ranked event in the previous year
- c. Must have eligibility requirement that limits participation to residents or association members of that state.
- d. Only one championship per state may qualify for exemption under this category.

2) AGA Amateur Championships not defined by specific state boundaries

- a. Must be a WAGR-ranked event with an average WAGR event Power of <u>50</u> or greater (3year rolling average)
- b. For events not currently ranked in WAGR or who do not have a 3-year history of being ranked in WAGR:
 - Average event Power of 60 or greater in the two most recent years, or;
 - Event Power of 60 or greater in the most recent year
- c. Only applies to those AGA's who are not defined by specific state boundaries. Only one championship per AGA may qualify for exemption.

3) Regional Amateur Championships with affiliation to an AGA

- a. Must be a WAGR-ranked event with an average WAGR event Power of <u>100</u> or greater (3-year rolling average)
- b. Must be affiliated with or conducted by an AGA (i.e. Pacific Northwest Amateur, New England Amateur, etc...)

4) National Amateur Championships conducted within the United States

a. A full exemption will be granted to any National Amateur Championship conducted within the United States that has an average event Power of <u>600</u> or greater (3-year rolling average)

2025 Full Exemption Summary

*Events highlighted in green will receive full exemption in 2025

State Amateur Championships (Must be WAGR ranked)

Championship	2024 Power	2023 Power	2022 Power	Power (Avg. 2022-24)

Local Exemption Criteria

- 1. State/AGA Amateur Championships
 - 1.1. All State/AGA Amateur champions who received a full exemption to the Championship in previous year will be locally exempt for the following year's championship.
 - Ex. A 2024 state amateur champion is fully exempt to the 2024 U.S. Amateur and will receive a local exemption in 2025 (1 year full exemption, 1 year locally exempt)
 - A 2024 state amateur champion who is fully exempt in 2025 (due to the date of the championship) would be locally exempt in 2026.
 - 1.2. For State/AGA amateur championships with a 3-year average event Power of 100 or greater, the top 5 or quarterfinalists will receive an exemption from local qualifying for the following vear.
 - 1.3. For State/AGA amateur championships with a 3-year average event Power of 50 or greater, the top 3 or semifinalists will receive an exemption from local qualifying for the following year.
 - 1.4. For State/AGA amateur championships that receive a full exemption and with a 3-year average event Power below 50, the runner-up will receive an exemption from local qualifying for the following year.
 - 1.5. For AGA amateur championships that do not meet the WAGR threshold for a full exemption or are not ranked in WAGR, the champion will receive an exemption from local qualifying for the following year.

U.S. Women's Amateur Championship

Full Exemption Criteria

1) State Amateur Championships

- a. Defined by the geographic boundaries of the United States (50 states) plus Puerto Rico
- b. Must be a WAGR-ranked event with an average event Power of <u>40</u> or higher (3-year rolling average)
- c. For events not currently ranked in WAGR or who do not have a 3-year history of being ranked in WAGR:
 - Average event Power of 50 or greater in the two most recent years, or;
 - Event Power of 50 or greater in the most recent year
- d. Must have eligibility requirement that limits participation to residents or association members of that state.
- e. Only one championship per state may qualify for exemption under this category.

2) AGA Amateur Championships not defined by specific state boundaries

- a. Must be a WAGR-ranked event with an average WAGR event Power of <u>50</u> or greater (3-year rolling average)
- b. For events not currently ranked in WAGR or who do not have a 3-year history of being ranked in WAGR:
 - Average event Power of 60 or greater in the two most recent years, or;
 - Event Power of 60 or greater in the most recent year
- c. Only applies to those AGA's who are not defined by specific state boundaries. Only one championship per AGA may qualify for exemption.

3) Regional Amateur Championships with affiliation to an AGA

- a. Must be a WAGR-ranked event with an average WAGR event Power of <u>100</u> or greater (3-year rolling average)
- b. Must be affiliated with or conducted by an AGA (i.e. Pacific Northwest Amateur, New England Amateur, etc...)

4) National Amateur Championships conducted within the United States

- A full exemption will be granted to any National Amateur Championship conducted within the United States that has an average event Power of <u>600</u> or greater (3-year rolling average)
- b. Age or eligibility-restricted events are excluded (i.e. junior, collegiate etc..)

2025 Exemption Summary

*Events highlighted in green will receive exemption in 2025

U.S. Junior Amateur Championship

Full Exemption Criteria

- 1) State Junior Amateur Championships
 - a. Defined by the geographic boundaries of the United States (50 states) plus Puerto Rico
 - b. Must be a WAGR-ranked event with an average event Power of **20** or higher (3-year rolling average)
 - c. For events not currently ranked in WAGR or who do not have a 3-year history of being ranked in WAGR:
 - Average event Power of 25 or greater in the two most recent years, or;
 - Event Power of 25 or greater in the most recent year
 - a. Must have eligibility requirement that limits participation to residents or association members of that state and limits participation to junior golfers (17 or 18 & under)
 - d. Only one championship per state may qualify for exemption under this category.
- 2) AGA Junior Amateur Championships not defined by specific state boundaries
 - a. Must have eligibility that limits participation to junior golfers (17 or 18 & under)
 - b. Must be a WAGR-ranked event with an average WAGR event Power of <u>25</u> or greater (3-year rolling average)
 - c. For events not currently ranked in WAGR or who do not have a 3-year history of being ranked in WAGR:
 - Average event Power of 27.5 or greater in the two most recent years, or;
 - Event Power of 27.5 or greater in the most recent year
 - d. Only applies to those AGA's who are not defined by specific state boundaries. Only one championship per AGA may qualify for exemption.
- 3) Regional Junior Amateur Championships with affiliation to an AGA
 - a. Must be a WAGR-ranked event with an average WAGR event Power of <u>35</u> or greater (3year rolling average)
 - b. Must be affiliated with or conducted by an AGA (i.e. Pacific Northwest Amateur, New England Amateur, etc...)
- 4) National Junior Amateur Championships conducted within the United States
 - a. A full exemption will be granted to any National Amateur Championship conducted within the United States that has an average event Power of <u>300</u> or greater (3-year rolling average)

2024 Exemption Summary

*Events highlighted in green will receive exemption in 2025

U.S. Girls' Junior Championship

Full Exemption Criteria

- 1) State Junior Amateur Championships
 - a. Defined by the geographic boundaries of the United States (50 states) plus Puerto Rico
 - b. Must be a WAGR-ranked event with an average event Power of <u>25</u> or higher (3-year rolling average)
 - c. For events not currently ranked in WAGR or who do not have a 3-year history of being ranked in WAGR:
 - Average event Power of 30 or greater in the two most recent years, or;
 - Event Power of 30 or greater in the most recent year
 - b. Must have eligibility requirement that limits participation to residents or association members of that state and limits participation to junior golfers (17 or 18 & under)
 - d. Only one championship per state may qualify for exemption under this category.
- 2) AGA Junior Amateur Championships not defined by specific state boundaries
 - a. Must have eligibility that limits participation to junior golfers (17 or 18 & under)
 - b. Must be a WAGR-ranked event with an average WAGR event Power of <u>30</u> or greater (3-year rolling average)
 - c. For events not currently ranked in WAGR or who do not have a 3-year history of being ranked in WAGR:
 - Average event Power of 30 or greater in the two most recent years, or;
 - Event Power of 30 or greater in the most recent year
 - d. Only applies to those AGA's who are not defined by specific state boundaries. Only one championship per AGA may qualify for exemption.
- 3) Regional Junior Amateur Championships with affiliation to an AGA
 - a. Must be a WAGR-ranked event with an average WAGR event Power of <u>40</u> or greater (3year rolling average)
 - b. Must be affiliated with or conducted by an AGA (i.e. Pacific Northwest Amateur, New England Amateur, etc...)
- 4) National Junior Amateur Championships conducted within the United States
 - A full exemption will be granted to any National Junior Amateur Championship conducted within the United States that has an average event Power of <u>400</u> or greater (3-year rolling average)

2025 Exemption Summary

*Events highlighted in green will receive exemption in 2025
