LEAGUES

NCGA Team Match (Thursday League & Saturday League)

-A competition between clubs that belong to regular NCGA member clubs. Matches use a format where two players from a side face off against two players from an opposing side in four-ball and individual matches concurrently, with players earning two points for a win and one point for a tie. Each match clubs choose 12 members to face off against the opposing club's team. Clubs are paired with 2-3 other clubs for the season, where they take turns competing in head-to-head matches at each club. The winners of each group move on to the playoffs in a "bracket style" competition. ncga.org/team-match

NCGA Player's League (Entries close July 25th)

- NCGA Player's League is open to every private, semi-private and public golf course within the NCGA. Teams are comprised of seven players (six amateur members and one member from each club's professional staff). Clubs are arranged in groups of three, four or five and play a series of home and away matches within their assigned group. Each match is ordered based on Handicap Index, but played to scratch, utilizing a unique points system to score matches. Group winners meet in the NCGA Player's League Finals. Two teams from that event then advance, along with two clubs from the Southern California League, to compete in the California Championship. ncga.org/players-league
